

# TMC Solutions

Solve your data management, reporting, and virtual payment needs

As a TMC, you play a vital role in providing quality insights and value to your clients. With the constant changes in the travel industry, it's important to keep up with the latest strategies so you stay competitive.

Achieving this requires aggregating data silos, which are bogged down by complex systems making it challenging to derive value from data. Grasp solves this.

**20% in potential new revenue for your TMC**

**“One of the best investments, the software more than pays for itself”**

# Key TMC Solutions

## Analytics and Insights for You and Your Clients

Simplify data management and make complexity a thing of the past. Leverage GraspDATA to transform travel data into insights that lead to more opportunities and better business outcomes.

## Hotel Commission Optimization

Get insights to help you optimize your hotel commissions. See which hotels pay, and how quickly, to improve your revenue potential.

## Invoice Retrieval

Enable your clients to easily obtain invoices 24/7 without the need for agents or admins, saving time and resources.

## Data Consolidation and Integration

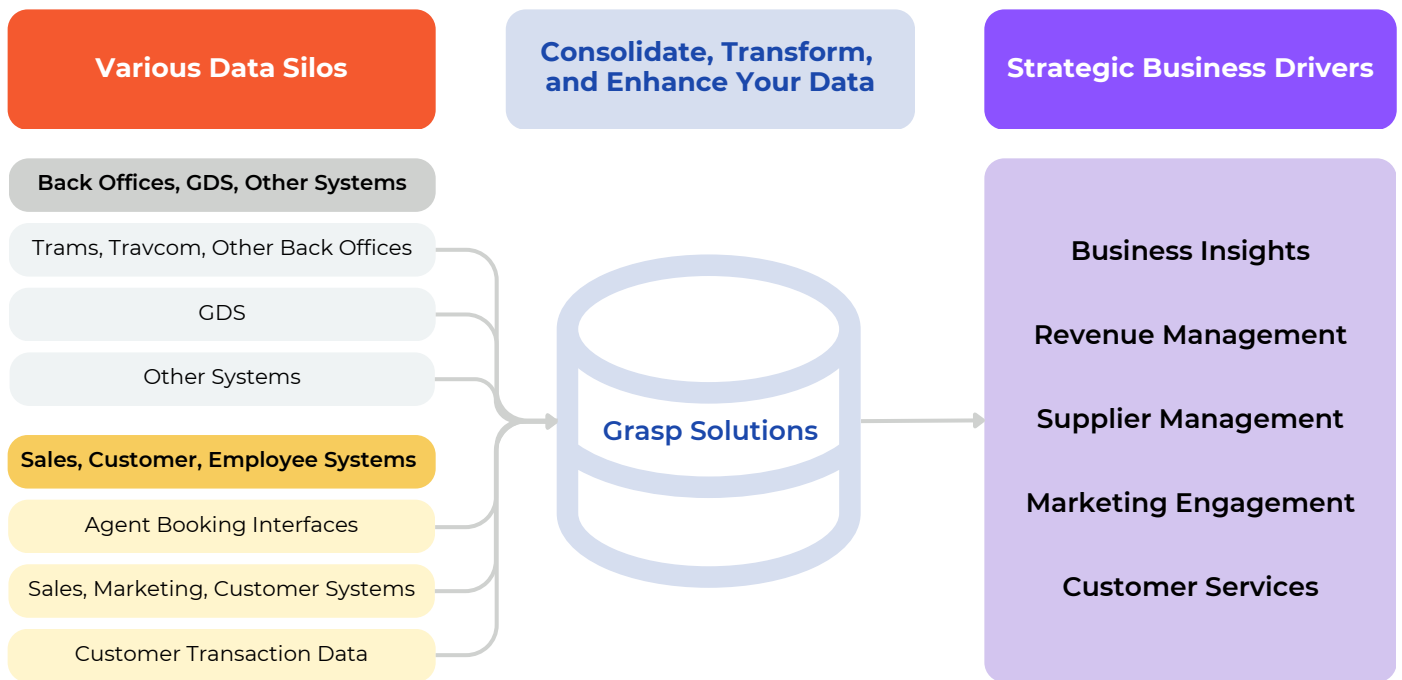

Abundant data in various forms and sources is tough to manage. Grasp can help you consolidate, manage, and get a cohesive view of your data all in one place.

## Hotel Data Normalization

Poor and inconsistent hotel info has been a long-term industry challenge. Grasp solves this issue by matching the various property aliases which provides more accurate spend visibility for you and your clients.

## Virtual Payments

GraspPAY provides virtual credit cards that integrate seamlessly with booking tools and workflows. Offer your clients additional solutions that can boost your revenue.
